An act to add Section 89911 to the Education Code, and to amend Sections 10701 and 10704 of, and to add Section 10706.5 to, the Public Contract Code, relating to public contracts.

### LEGISLATIVE COUNSEL'S DIGEST

AB 1986, as amended, De La Torre. Public contracts: California State University: auxiliary organizations.

(1) Existing law establishes the California State University under the administration of the Trustees of the California State University. Existing law authorizes the establishment of auxiliary organizations, as defined, of the university for various purposes consistent with the mission of the university. The ~~existing~~ California State University Contract Law (*CSU contract law*) sets forth a process through which contracts for projects, as defined, that are entered into with respect to the California State University may be competitively bid, entered into, and executed. ~~A provision of the~~ *The CSU contract law* requires that a project be under the sole and direct control of the trustees pursuant to the administrative authority granted to them by existing law. ~~A provision of the~~ *The CSU contract law* authorizes the trustees and the Department of General Services to enter into an agreement under which the department will carry out any of the functions of the

trustees under the law, upon terms that are mutually agreed upon. A provision of the *The CSU contract law* requires that any subcontractor or agent, or employee of any contractor or subcontractor, who has knowledge of any work done in violation of any contract under the ~~California State University Contract Law~~ *CSU contract law*, and does not immediately notify the trustees or the inspector or resident engineer upon the project of the violation, is guilty of a felony.

This bill would require that any construction project ~~on a campus located on property~~ of the California State University that is performed by an auxiliary organization of the California State University and funded in whole or in part by public funds is subject to the ~~California State University Contract Law~~ *CSU contract law*, and would deem that construction project to be under the sole and direct control of the trustees for the purposes of the *CSU contract law*. The bill would authorize the trustees to enter into an agreement under which the auxiliary organization may carry out any of the functions of the trustees under the *CSU contract law*, upon terms that are mutually agreed upon. Because the bill would extend the scope of the ~~California State University Contract Law~~ *CSU contract law*, the bill would impose a state-mandated local program by creating a new crime.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.

*The people of the State of California do enact as follows:*

- 1 SECTION 1. Section 89911 is added to the Education Code,

4 17556 of the Government Code, or changes the definition of a  
5 crime within the meaning of Section 6 of Article XIII B of the  
6 California Constitution.
